Version // 2018-04

Fittingly for labor and industrial sociology, our offices are located on the former factory site of Allgemeine Elektrizitäts-Gesellschaft (AEG), a defunct German appliance manufacturer. The site, now known as “Auf AEG”, is being redeveloped for events, exhibitions and by several academic tenants. The site is centrally located in Nuremberg, easy to reach by public transport and offers ample parking.

**Directions Public Transport** (get off at stop Eberhardshof, exit towards Raabstraße):

-  from Nuremberg main station, take the U1 westbound to Fürth (10 min).
-  from Fürth main station, take the U1 eastbound to Langwasser Süd (6 min).
-  from Nuremberg Airport, take the U2 southbound to Röthenbach and transfer at Plärrer to the U1 westbound to Fürth (25 min).

Our offices and our Laboratory are in building 11. Take the elevator to the 4th floor, and ring at the Nuremberg Campus of Technology (NCT). Workdays between 9am and 7pm, you can open the door yourself, using the white button left of the entry.
